

MEGA TOP

Solvent Base Acrylic Coating

DESCRIPTION

- **MEGA TOP** specially formulated solvent base acrylic to protect building materials such as concrete, gypsum, masonry and timber.

ADVANTAGE

- * High mechanical resistance for wearing and anti dust.
- * Suitable for inside and outside application.
- * **MEGA TOP** is suitable for marking concrete and asphalt flooring of roads, high ways, garages, parking areas and play grounds.
- * **MEGA TOP** easy to apply, dries quickly.
- * Very good bond strength to most surfaces.
- * Anti Bacteria and anti fungus.
- * It can be used for drinking water, tanks and food stores.
- * Acts as curing compound for fresh concrete.
- * **MEGA TOP** stands against U.V. rays and no yellowing with age.
- * Perfect to use on façade subjected to severe weathering conditions.

DIRECTION OF USE

- Surface should be cleaned, free of dust or dirt.
- Apply one or more coats depending on the porosity of the surface and the degree of the required resistance.
- **MEGA TOP** Could be applied by brush, roller.

TECHNICAL INFORMATION

Density at 25° C	1 kg/l	Color	Transparent and colored
Re-coating time at 25° C	4 - 6 hours	Temperature resistance	Up to 70° C

STRENGTH in Construction

CONSUMPTION

150- 200 gm/ sq.m

PACKAGES

4 kg - 15 kg

STORAGE

12 months in sealed packs, under suitable storage conditions.
